CURNES NEARING FINISH LINE

Mr. George Good receives the Senior Citizen Fan award from Coach Andrews on Friday night, March 3, as Jody Patrovsky received the Miss Basketball Fan award. More information inside paper. (staff photo)

The Curnes Property Development that has been labeled the Arbor Ltd. Development is nearing the finish line in its race to secure Village approval.

At the Village Board meeting on Monday, March 5th, the Board voted to accept the Zoning Board of Appeal's recommendation to deny the R-5 multiple zoning change and that the property in question remain as R-4 single-family zoning. The Board further agreed to accept the Zoning Board's recommendation to grant a R-4 Special Use permit embodying agreements and provisions as designated by both boards in an enforceable Ordinance.

Some of the special agreements included such revisions in the Arbor Ltd. original development plans as to the building of a larger retention pond, making Greenbriar Drive a thru dedicated street extending from Anita Street to Gary's Drive and making the proposed

payment of \$120 per unit to be paid upon issuance of occupancy permit to the schools, looping the property's main street to provide for adequate fire and safety protection and to increase the number of proposed culdesacs.

The Board has now authorized Attorney Ken Clark to draw up an Ordinance, which will provide for the R-4 special use permit zoning and also incorporate in it the special agreements recommended by both the Village Board and the Zoning Board of Appeals.

This ordinance will be presented to the Board at the next regular meeting for their consideration.

Board member Robert Wilton was opposed to the issuance of such an ordinance and cast the only negative vote of the night.

Wilton wishing to clarify his negative vote said, "I still feel that we should wait the remaining two weeks until the PUD ordinance is ready for the Board."

BETTER COMMUNICATIONS AT HAND

Communications between different groups are often difficult and may breed many, many problems. Communications gaps have been commonly sited between countrys, races, workers, friends, parents and the children and naturally between students and administrators.

Antioch High School has been working to mend any such gaps and has begun to hold com-

munications with executive members of all of the classes. The purpose of these sessions which are designed to be on an informal nature is to allow the students to make any problems known to the administrators, and to ask for any clarification on issues that seem a bit cloudy.

On Thursday, March 1, from 2:00 to 3:00 Superintendent Warren Polley, Mr. Blecke, who is in charge of student activities

and Mr. Kurek, who is in charge of counseling and scheduling met with members from the Sophomore class in the Board Room.

At first the students seemed a bit hesitant and uncertain and a big tray of cookies sat untouched in the middle of the Board table for about 20 minutes. As the students became more relaxed the cookies made their rounds and

many subjects were touched upon.

The sophomores main concern seemed to be centered around the high school's financial standing and many questions were asked about the school debt and the effect that the referendum had on it. The courses and activities that will be reinstated were discussed and questions were asked about a girl's athletic program.

Self-imposed scheduling was also on the list of topics discussed.

After the hour was over Mr. Blecke asked the students if they felt that the session was worthwhile and the students seemed to unanimously agree that it had been. These type of sessions will hopefully be held on a monthly basis, or whenever the students voice a need for one.

MAYOR TOFT ANSWERS

THE ANTIOCH NEWS has compiled a list of questions they feel are pertinent to a prosperous future in Antioch. These questions were then submitted to all three of the mayoral candidates. Out of the three candidates only Mayor Toft chose to submit his answers to us. We will continue to publish Mayor Toft's answers

to the questions we submitted. The Staff of THE ANTIOCH NEWS purposely selected the questions on subjects that are of vital importance to our fine community of Antioch.

QUESTION: In the area of total city planning do you feel that Antioch is moving in the right direction and do you feel that the planning is moving at a fast enough pace?

ANSWER: Antioch has had a comprehensive village plan since 1961. Over a year ago, I made additional appointments to the Plan Commission and asked that this commission take a hard look at the overall plan and see in what areas it was followed, where natural growth deviated from the plan, and actually up-date it to provide information for present and future village needs. The Village Board followed the Plan Commission's recommendation to enter into a contract with the Lake County Plan Commission for their assistance. Just recently we were informed that, due to unforeseen work pressures within their own County Commission, all three phases of their contract with the village would have to be delayed. Perhaps the time has come to become less dependent on receiving information from the county and hire outside professional services for statistical data and expect a COMPREHENSIVE PLAN from the people who should know best where they want their village to grow, THE RESIDENTS WHO LIVE HERE!!!!

QUESTION: How do you think the county wide sewer system will affect Antioch?

ANSWER: Everyone is aware of the fact that a county wide sewer system is inevitable in order to clean up our environment and make our Chain-O-Lakes the recreational facility to meet the needs of area residents. BUT, my first duty is to the residents of our village who have paid for water and sewer facilities and with economical administration of these facilities have maintained a low water and sewer rate. This I believe gives them the right to know the consequences of joining a county wide sewer system. As yet no figures have been given to me as to what will happen to the water and sewer rates in our village when this inevitability comes to pass.

QUESTION: Do you feel that the village government should take an active part in fostering further industrial developments?

ANSWER: Yes, area growth is closely linked to industrial development as it has an impact on the number of jobs available, which can ultimately affect the pattern of: both residential and commercial development as well as the local tax base. There is much discussion as to what comes first industrial development or the availability of a labor force, rather like the old fable, the chicken or the egg, but which ever one it may be, it is my hope to stimulate a steady, controlled growth pattern.

GIRL SCOUT WEEK

Girl Scouting today is far more than cookie sales and handicrafts. As the nation commemorates Girl Scout Week - March 11-17 - millions of Girl Scouts will be working in community service programs such as tutoring of younger disadvantaged children, constructing "miniparks" on vacant city lots, drug abuse prevention and ecology, to name just a few.

GSA is the world's largest voluntary organization for girls, with a membership of nearly 4 million girls and 670,000 adult leaders. Since its inception in 1912, Girl Scouts of America has instilled in its members the highest ideals of character, service and patriotism so that the girls may become the wise mothers and leaders America needs to grow and prosper.

As one organization pamphlet explains, the many worthwhile activities of GSA reflect "...the promise of continuous growth and unending service to the nation and the world by young people who have transmitted their imagination, energies, and commitment through the broad scope of Girl Scouting." If any organization deserves special recognition for a job well done, it is the Girl Scouts of America!

CHAIN OF PROGRESS

Today many question the advisability of pushing ahead with technical achievements such as nuclear power. Along with such concern, there should also be some serious questioning of the advisability of breaking the chain of scientific and technical progress that has always managed to create new jobs and new opportunities in new industries just in time to absorb the new hands that must be kept busy.

Nuclear power, for instance, may open horizons far broader than can be envisioned now - in addition to producing needed energy. Stories are spreading of how one "waste" product of nuclear power generation - warm water - is proving unexpectedly beneficial in a number of ways. We read of a rebirth of the oyster industry on the East Coast - thanks to a type of aquaculture in which warm water discharged from nuclear plants has speeded the propagation of oysters. On the West Coast, experiments are advancing in warm water use to stimulate the growth of crops. Subsoil heating (with warm water) greatly enhances some crops' growing season and yields. For example, with soil heating applied to plant roots, cantaloupes were raised nine weeks ahead of schedule. The eventual effect of subsoil heating may allow farmers to fill the gap in growing seasons with a premium product at premium price.

Who knows what new opportunities the by-product of nuclear power generation will bring. No one can answer that question for sure, but it can be said with certainty - wholly aside from the energy question - that a growing population can ill afford any shackling of the evolutionary process of creating opportunities for the minds and hands of man.

VILLAGE OF FOX LAKE QUALIFIES FOR NATIONAL FLOOD INSURANCE

Congressman Robert McClory announced today from Washington that the Village of Fox Lake has qualified for subsidized flood insurance. Beginning on March 9, 1973, all structures used for residential, business, religious, or agricultural purposes, structures occupied by nonprofit organizations, and structures owned by State or local governments or agencies thereof are eligible for flood insurance coverage.

Fox Lake Village became qualified under this program when it agreed to adopt land use and control measures that will minimize flood damage to future construction.

The Congressman explained that he has been cooperating with Mayor Joseph Armondo to meet the urgent needs of the community as a result of the flooding conditions which have been so prevalent, and in providing an improved water and sewer facility.

Further information may be obtained from Mayor Armondo. Local insurance agents may obtain forms of policies and other information from the National Flood Insurers Association serving office, located in the State Fire & Casualty Company, Illinois Regional Office, 2309 East Oakland Ave, Bloomington, Ill 61701.

Mr. McClory stated:

"Eligibility for this subsidized insurance will provide a tremendous boost to the residents of the area, and to Mayor Armondo, and the City Administration, in meeting the critical problems which have arisen as a result of flooding conditions in the Fox Lake area. I am immensely pleased that Fox Lake has been found qualified under this program, and Mayor Armondo and I shall continue to work toward an early solution to other problems pertaining to the community's water and sewer needs."

Re: Mosquito abatement program.

May I urge you and your committee to give serious consideration to the purple martin mosquito abatement program introduced by the Jaycees first in Griggsville, Illinois some years ago and since in many towns and cities across the U. S. (With Jaycee and other sponsorship). Although I wrote Mrs. Nelson a note about this a couple of years ago, I did not follow up with a formal recommendation.)

The purple martin as you may know is a unique bird which feasts on mosquitoes - up to 2,000 a day, as well as flies and other harmful insects. They winter in Brazil, fly northward up the Mississippi River Valley, and reach Antioch usually in early April. Man has destroyed most of their preferred natural habitat, but they fortunately like the replacement houses man has invented to attract them.

The advantage of using martins for mosquito control are several: (1) the initial investment is modest; (2) the maintenance can probably be arranged with enthusiastic volunteers who will benefit from having a martin house near their property; (3) it is an effective, tested, natural control (4) the birds are fascinating to watch and have a beautiful serenade!

My interest in seeing Antioch adopt this program is due to my being one of those people who is irresistible to mosquitoes and also has a serious reaction to bites. Except for the years when we have had martins in our yard, I cannot step outside without using quantities of OFF several times each day. With martins in the yard, I can work or sit in the yard all day - have

Dear Editor:

We are a group of housewives who are anxious to have a loud majority join us in our determination to preserve our American way of life. We feel strongly that women should be shown the respect of equality. However, the Equal Rights Amendment does not offer equality and sameness. This amendment, if ratified, would obliterate any distinction between the sexes.

We now have laws which make discrimination against women illegal. Our legislators would better serve us by insisting upon the implementation of these laws, rather than by working to amend our constitution with a bill which bespeaks the cause of the Women's Liberation movement. These women are ambitious for a unisex existence in this country. We must not allow them to speak for us. Because they have their aberrations is no reason they should be allowed to inflict them upon us. Because they have been louder than we have been, many of our legislators have found it politically expedient to carry their banner. We must be heard. We must speak out strongly against this legislation which allows for the drafting of our eighteen year old girls to

lunch there, with no insect guests.

Unfortunately we did not get relief from the three sprayings last summer. The mosquitoes were fewer in number for a half day each time, but the flies were untouched, and soon the mosquitoes were as thick as before. In addition, we apparently lost our beautiful pair of cardinals, who had been visiting our feeder many times daily for three years, during the first spraying. One of the difficulties of a spraying program is that insects develop immunity and we then must use increasingly stronger and more destructive chemicals.

If the town would put up a few houses in carefully selected strategic locations this year, and encourage individuals to put up additional ones, Antioch may soon join other municipalities which have solved their mosquito problem in this satisfying and low-cost way. The earlier the houses go up, the more likely we are to get tenants (although sometimes the houses are not occupied the first year). For more information:

And I hereby offer a copy of the book by J.L. Wade to the first ten Antioch residents who erect one or more purple martin houses of either the aluminum or plastic multiple dwelling variety (wooden houses attract sparrows and discourage martins).

serve in the armed forces in exactly the same capacities as do the men; which negates the responsibility of a husband to support his family; which sets aside statutory rape laws; and further demeans family life. Ask those legislators who endorse the ERA if they will publicly offer to resign from office on the day that any of the above mentioned threats to our freedom should occur as a result of the ratification of the E.R.A.

The total membership of many organizations which claim to endorse the ERA are actually split in the views of this amendment. The Happiness of Womanhood, Inc., the League of Housewives, The Right To Be A Woman, The Woman's Anti Liberation League and The Du Page Italian-American Civic Comm. are among the organizations which strongly oppose the ERA.

Write, wire or call your state representative now to protest the possibility of the ratification of the Equal Rights Amendment. You alone can express your thoughts. It is your privilege to be heard, and your duty to speak.

TOWNSHIP INTRODUCTIONS

April 3, 1973 is the date that has been set for Township Elections. Since that date is less than a month away the Antioch News has decided that this is an appropriate time to help you - our readers - get acquainted with the candidates. There are

LLEWELLYN VAN PATTEN
Citizen's Party Candidate
for Town Clerk

This is not a new event for incumbent candidate for Town Clerk. Mr. Van Patten has held the post for the last 24 years and once again heads the Citizen's Party list.

Van Patten was born and raised in Antioch and resides at 1036 Bishop Street. He is a member of the Masonic Lodge and has served with the Fire Department for 25 years. Mr. Van Patten is uncontested in his race for re-election.

IRVING CAREY
Citizen's Party Candidate
for Auditor

Irving W. Carey is a candidate for re-election to Township Auditor. He has been a resident of Antioch since 1935 and is President of the I. W. Carey Electric and Plumbing Company. He is the past President of the Antioch Lions Club and is a Director of the State Bank of Antioch as well as a former member of the St. Peter's School Board.

A member of St. Peter's Holy Name Society, the National Electrical Contractors Association - the Lake County Division, and of the Notre Dame Club of Lake county.

six seats that are open for re-election including Township Clerk, Township Assessor, and four auditor positions.

Only one of these seats is uncontested as incumbent Township Clerk Llewellyn Van Patten runs for his 7th term. However, there are many new faces in the race this year and the following is a short profile of each candidate as presented to us.

HAROLD WILSON
Citizen's Party Candidate
for Auditor

For the past 23 years Harold W. Wilson has owned and operated the Wilson Upholstering business on Rte 173 in Antioch. He has been in the manufacturing of furniture and upholstery business for the past 44 years.

Wilson is active in Antioch and has served as a board member of the Antioch High School, and the Antioch Township. He has been a justice of the peace in Antioch and served as honorary member of the Lake county Safety Committee and served ten years as a board member.

In the past Wilson has been a member of the Western Lake county Public Works Committee and served as Master of the Sequoia Lodge 827 where he has been a 25 member.

Wilson has twice been a past patron of the Antioch Chapter Order of the Eastern Star 428 and worked 5 years in the United States Naval Ordnance plant on torpedoes in Forest Park, Ill.

A property owner in Felters Subdivision, Wilson has been married to his wife Barbara for the past 40 years. They have one son Harold P. Wilson, who resides with his wife and three children in Antioch.

HOMER LAPLANT

The Antioch news was not able to contact Mr. LaPlant at this time, but a profile will be presented at a later date. LaPlant is a new face on the Citizen's Party ticket along with Rudy Eckert.

CLARENCE B. OLSON
Citizen's Party Candidate
for Township Assessor

Clarence B. Olson, who aspires to be assessor of Antioch Township, says he has much going for him in the way of qualifications, which he feels are his best recommendations for the office.

First off, Clarence and his wife Gerri have lived in the township for some 34 years, all of which time he was in business for himself, first as a wholesale food distributor, and later employment in the field of real estate.

Clarence has served the community long and well, as institutional representative for the Boy Scout Troop 92, and as a member of Emmons School Board for six years. He is a member of the Antioch Lions Club and the Northern Illinois Conservation Club.

The Olsons have been active members of the Antioch United Methodist Church for the last 23 years.

Clarence and Gerri have two children, Diana and Donald, who were born and raised in Antioch, and are now in professions on their own.

Clarence graduated from Carl Schurz High School and finished his formal education at Northwestern Univ. the hard way - in the evening school.

Because of his experience in real estate values, as a school board member, and his work in the realty field, as well as his many years as a businessman, the Citizen's Party chose Clarence to be their candidate for the office of assessor. It was felt he has all the necessary qualifications to conduct the assessors office in an honest and equitable manner.

If elected, Clarence plans to keep up to date on all phases and types of construction, and to attend all meetings and seminars pertaining to the science of assessing real estate so that his knowledge and judgement in all matters concerning the office will be current at all times.

RUDY ECKERT
Citizen's Party Candidate
for Auditor

Rudy Eckert is running on the Citizen's Party Ticket for auditor. He has been in business for the last 49 years in Antioch. He is the owner of Gambles hardware on Main Street, which he founded in March of 1934.

He married Florence Dape of Milwaukee 38 years ago. They have two sons, Paul and Ralph.

He is a member of St. Peter's Church and a member of the Lions Club. he also served as a police magistrate in Antioch from 1961-1964, and was chosen as St. Peter's VIP last year. 39 years

PETER J. CLEVIN
Independent Candidate for
Township Auditor

Pete is a recent addition to Antioch Township having moved here in 1968 when he was employed by Household Finance Corp. as Manager of the Antioch office.

Pete's background includes 8 years of service in the U. S. Air force which were all spent in the administrative field.

Among his present activities are membership in the Antioch Chamber of Commerce and the Antioch Lions Club. He is also on the Antioch Zoning Board of Appeals and serves on the council of Saint Stephens Lutheran Church.

Presently employed as Assistant Vice-president at the First National Bank of Antioch, he and his wife, Rene a registered Nurse employed by Doctor's Abderholden, Lorang and Barnes, have two children, Lisa a fifth grade student and Peter, a fourth grade student at

Antioch Grade School live at 558 Poplar Ave, Antioch.

Although he has not previously been a candidate for political office he feels the local government elections are of prime importance this year and has decided to make himself available for the Township Auditor office. His main concern is to make all residents aware that there is a governmental unit, at the local level, that is there to serve the Township.

FRANK J. BENES
Independent Candidate
For Auditor

Frank J. Benes, who has lived in Antioch for the past 12 years is employed as a general contractor and is the owner of the Benes Construction Co. He is a member of the Antioch Township Republican Club and previously ran for Township Auditor in 1968, but was defeated. He is a member of St. Peter's Church.

Benes was elected to the first 7 man board at the Grass Lake School and served two different three year terms. He was past president, trustee, and is the present president of the Chain O'Lakes Park Association. He is presently serving as Republican Precinct Committeeman of Precinct 4 and has been doing so since 1969.

A war veteran, Benes served in the Marine Corp during the Korean Conflict. He is a holder of a National Defense Medal, Korea, a Service Medal and a United Nations service medal.

Frank lives on Lake Blvd. with his wife, Jean and their three children, Frank Jr. 18, who is a graduate of Antioch High School Elizabeth 13, and Daniel 10, who are enrolled at the Grass Lake School.

Mr. Benes said, "I am very interested in Township problems, progress, development and the planning of the Antioch Township area."

HERBERT W. HORTON
Independent candidate
for Auditor

Herbert W. Horton, Sr. came to Antioch in 1946 after serving in the United States Marine Corp., Pacific Theatre. He has

Past president and founder of the Antioch Township Republican Club, Horton served as President for 9 consecutive years.

Horton resides at 138 Bluff Drive with his wife Suzanne and family.

R. G. "BUD" HOLTZ
Independent candidate for
Tax Assessor

Mr. Holtz was born in Winneconne, Wis. on St. Patrick's Day, 1910. He was educated in the Public Schools of the area and was trained by Wisconsin Bell Telephone specializing in Electronics, Transmission and High Lines. He then served Wisconsin Bell in a Supervisory capacity as a specialist in the Transmission Department.

Bud, as he is known to his many friends of the Antioch area, moved to Antioch in 1933 and opened Bud's Tavern, on Main Street. He has been in business in Antioch township continuously over this span for 40 years, at Bud's Place, and since 1960 at famous Blarney Island. He retired from business in 1972.

Mr. Holtz made his home for the past 40 years in North Antioch except for a period from 1941 to 1945 when he served his country overseas, after volunteering for service in 1941. Bud went into service as a Private in the Signal Corps and rose through the ranks to a First Lieutenant, and became Commander of a Prisoner of War Camp in Hawaii. He later saw

service on Okinawa, and then with Special Forces for eleven months in Korea. He received his Honorable Discharge and returned to his home and business.

Mr. Holtz was a Charter Member of the Antioch Chapter of the Loyal Order of Moose, and a Charter Member of the Antioch Lions Club. He is also a member of the VFW, the Antioch American Legion Post and the Antioch Rotary Club.

During his long service in the Antioch community, Bud has been known for his active cooperation with all Community Activities, including the Rescue Squad, the Fire Department, the Churches, and the youth of our community. At one time, he was the manager and coach of the Antioch Lions Club basketball team, made up of former high school players, which established an enviable record in the area.

Bud is still in excellent physical shape at his young age of 62, and says that he feels he would like to use his knowledge of the community and of the people to some good advantage, and hence his reason for offering to serve them in the difficult task of Tax Assessor.

He feels that they should have someone that they know will have concern for their problems, and someone they will feel free to sit with and confide in.

Bud is the proud grandfather of three grandchildren, and resides with his wife, Stephanie, at 396 Winsor Drive in Antioch.

PEGGY VANPATTEN'S WINNING RECIPE APPLE CRISP CRESCENT BARS

These bar cookies feature fresh apples and an oatmeal crumb topping.

4 cups (4 med) peeled, thinly sliced apples

2/3 cup sugar

1 Tablespoon flour

1 teaspoon cinnamon

8-ounce can Pillsbury Refrigerated Quick Crescent Dinner Rolls

1 Tablespoon butter or margarine

TOPPING

1 cup firmly packed brown sugar

3/4 cup rolled oats

1/3 cup flour

1/4 cup butter or margarine, softened

2 teaspoons vanilla

Preheat oven to 375 degrees. In large bowl, combine first four (4) ingredients. Separate crescent dough into 2 large rectangles. Place rectangles in ungreased 15 x 10 - inch jelly roll pan. Gently press dough to cover bottom of pan; seal perforations. Spoon apple mixture over dough. Dot with butter. In medium bowl, combine Topping ingredients until crumbly; sprinkle over apple mixture. Bake at 375 degrees for 25 to 30 minutes until golden brown and apples are tender. Cool; cut into bars. Makes 2 to 3 dozen.

HIGH ALTITUDE: No change.

70 YEARS AGO MARCH 5, 1903

The new State Bank of Antioch was opened for business the last week in February. This institution was organized in October, with E. B. Williams, George D. Paddock, W. S. Westlake, R. L. Strang, and Joseph Turner as directors.

The many friends of Miss Effie Harden will be glad to hear that she is now located at the Metropolitan business college at Chicago.

50 YEARS AGO MARCH 8, 1923

There will be an auction sale on the Lol LaPlant farm, located on South Main St. Antioch, on Wednesday, March 14. Nine Head of cattle will be sold. Sale will start at 1 o'clock, and W. J. Chinn will be the auctioneer.

Otto Klass's vacation must be about over. His trunks arrived about 2 weeks ago, but no Otto. We don't know whether he was lost en route or decided to walk back from Texas!

20 YEARS AGO MARCH 5, 1953

Antioch High's fighting Sequoits finished the Conference without a single loss in conference competition by walloping Grant '70-45. The Sophomore team coached by Warren Polley also had a near perfect record of wins.

Antioch 1953 Red Cross Drive appointed Chairman is Mrs. Henry J. Ruggles. The Red Cross Drive will continue throughout the month of March.

10 YEARS AGO MARCH 7, 1963

George Boyd announced his candidacy for the office as County Supervisor.

Antioch businessmen take to the hard court against the high school faculty in their Annual Benefit basketball game. Some of the participating businessmen notables will be B. Lubkeman who with the aid of a step ladder, will demonstrate his famous "dunk shot." The faculty's defensive unit under the direction of Rog Andrews will have high scoring Bernie Fosmark and rebounding Ace Warren Polley.

ANTIOCH HIGH SCHOOL RECEIVES OLYMPIC GAME AWARD

Cindy Hayden and Wendell Burris, students at Antioch High School, with teacher David Monke (right) receive award from Olympic Savings and Loan Association, Berwyn, for participation in association's new TV Quiz show called the Olympic Games on WSNS (channel 44) Saturdays at 5 pm. Presenting the award is Wesley E. Sedlacek, vice president of Olympic. John Thain not pictured was the third student participating

ANTIOCH OLYMPIC WINNERS

The team's efforts were rewarded this week with a \$600.00 award, which will be used to purchase SRA materials for the school. The competing teachers were: David Monke, Diane Busch and Jim Corrigan. Competing parents were: Arthur Blecks, Thomas Pocrnich and Lucien McLean. Students competing were Wendell Burris, Cynthia Hayden and John Thain.

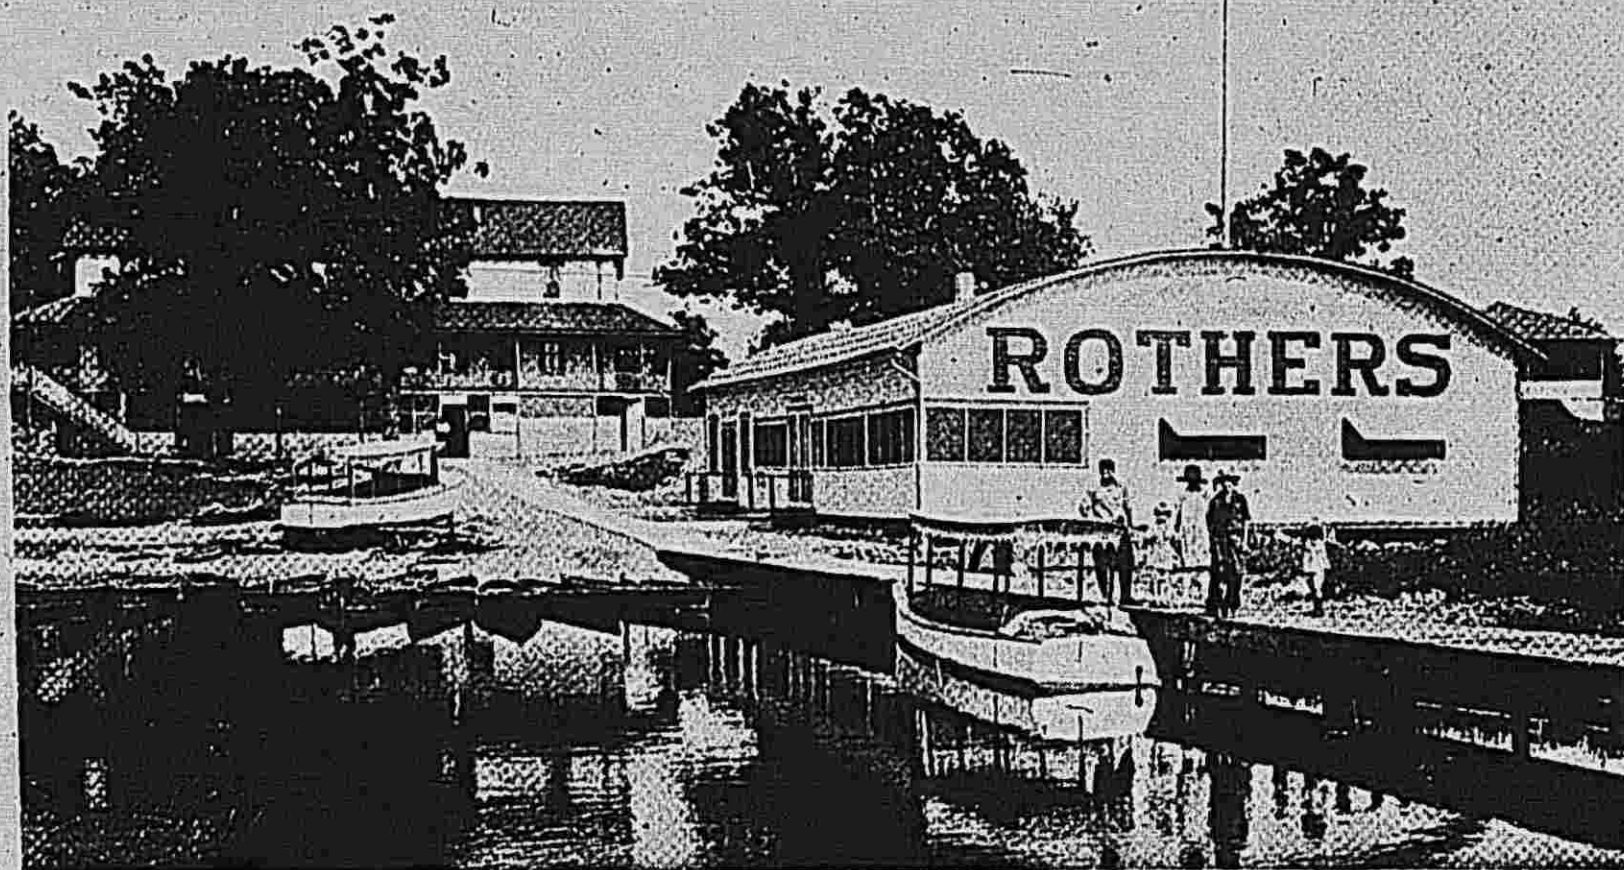

The Olympic Game is scheduled to be reshowed on March 14th at 5 p.m. on channel 44.

EMMONS PARENTS TO "WELCOME SPRING"

"Welcome Spring" is the title for the Emmons Parents Club dessert and fashion show to be held at 7:30 p.m., March 22nd at Lorenz's Smart Country House in Antioch.

Korf's of Sixth Avenue from Kenosha, Wisconsin will present the latest in spring fashions for your enjoyment.

Prizes galore! For tickets call either 395-0749 or 395-2692.

REMEMBER WHEN

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify, for others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Along the Way with *Annie Mae*

The Antioch Firemen had their Annual Ladies night out on February 24. It was held at the Moose Lodge and hear a DELICIOUS family style dinner of beef and chicken was served by the women of the Moose. Special guests attending were the village officers and Fire District representatives. Two special guests of Antioch were made honorary members of the Antioch Fire Department. Bill Brook was made an honorary member for his generous gift of a boat for the underwater recovery team and his help when needed throughout the year. Police Chief Jack Wells received a fire helmet with the title "Chief of the West Division" (only thing is - it says it on BOTH front and back. How will he know which way to go?)

Several awards were given to the firemen themselves. Among them were "Boner of the year" went to Tod Maplethorpe who was caught going to a fire the wrong way, and Bernie Gutowski received one of the trophies the firemen won at a water fight. Bernie is retiring from the water team and the men didn't want him to forget them. Following the program was dancing.

Don't forget some events coming up - This Evening (Wed) and Friday night are the regional basketball games at ACHS. Come and cheer our boys on to the next step.

March 17 is the Lions Ladies Night. It will be held at the Abbey in Fontana and should prove to be a lovely evening for all.

Then March 31 is St. Peter's VIP Dinner-dance which is always a fun affair. Ticket deadline is March 17 so get them now!!!

Hear the underwater recovery team made a call already this year. Seems a man walked out on Petite Lake and the ice gave out on him on the way in. Some kind soul pushed a boat out to him but he hung suspended with his arms out on the ice until the men could get to him. Several "compationate" ice fishermen just sat and watched the whole thing and didn't offer help to him. hummmmm

Understand Bill Carney is limping a little. I knew this spring-like weather would get to a few. Now, Bill, take it easy and break in slowly when playing basketball with the boys.

Guess our prayers were answered - Dr. Ed. Abderholden came thru surgery beautifully and should be home soon. The whole town was pushing for you Dr.

We have a request - Charles Mazzio - please send us the recipe for your "Sour Cream Cake". It was so enjoyed by all that the ladies of Oakwood Knolls wonder if you might share the recipe with them. Send it and we will publish it, Charles - PLEASE!!!

Our sincere condolences to the Don Amundsen family on the death of Gerri's mother.

Birthday wishes this week go to Sandy Herbert and Roxane Stowell. To Dorothy Barnstable on the 7th and Florence Thomas on the 9th. Then two celebrating on the 10th are Collette Quinn and Barb Mitchell. Gail Fields celebrates on March 13.

Congratulations to the young and old. Jody Patrovsky and Mr. George Good were honored at the Annual Parents night Friday for the Antioch-Lake Zurich game. They are really enthusiastic, loyal fans. Lets not forget the Team and Coach Andrews who gave us something to cheer about this winter.

Sunny & Harry Arndt celebrate their anniversary on March 12. Congrats.....

Well, looks like "Spring has sprung". Put away the snowmobiles, skis and skates. Out with the tennis rackets and bikes.

ART SHOW ACHS ANNUAL

On April 4, the Antioch PTA will sponsor the 3rd Annual High School Art Show. It will be in the high school Commons at 7:00 p.m. and is open to the public.

The two previous art shows were well received by the public, and showed much potential artistic talent in the high school.

The show is open to all ACHS students. The art will be judged in eight categories: Sculpture, oils, watercolours, sketching, ceramics, photography, macrame, and miscellaneous. There will also be displays by the woods, metals, electronics, and drafting classes.

MRS. RHYMER & SACRED LILY OF INDIA

Mrs. Rhymer of Rte 2, Antioch has a very unusual plant. It is called a "Sacred Lily of India", and it goes through various stages of growth. During the summer months it takes the form of a large umbrella shaped plant with a beautiful flower. During that period of time the plant requires much care and water. At the end of the summer, Mrs. Rhymer digs up the bulb, washes it and puts it in her basement. Then after absolutely no care or dirt at all, the bulb begins to grow for one month averaging 3" of growth per day. Right now the stalk is 5'6". The stalk will soon die and when the spring arrives, Mrs. Rhymer will once again return the unusual bulb to her garden where it will once again grow into the umbrella shape. Mrs. Rhymer lives on route 83 South of Antioch. (staff photo)

MID WINTER BAND CONCERT

Saturday, March 17, will be the date for the Mid Winter Band Concert, presented by the Fine Arts Department of Antioch Community High School. The program will be held in the Auditorium at 8:00 p.m.

The program will feature the Wind Ensemble and the Concert Band, both under the direction of Ralph G. Brooke. An evening of great music from the pens of

great composers will be presented. Some of the composers, and their works are: George Gershwin's "American In Paris"; Gioacchino Rossini's "William Tell Overture"; Johann Strauss' "Overture to Die Fledermaus"; and Norman Dello Jois's Scenes from "The Louvre".

Tickets will be on sale at the door, and may be obtained from members of the bank.

MOOSE NEWS

Paulsen-Corsi

March 3rd was the wedding day of Mabel Ann Paulsen of Antioch and Edward J. Corsi of Daytona Beach, Florida.

The wedding ceremony took place at St. Mark's Lutheran Church with Pastor Harold Nelson officiating.

The bride wore a pink floor length gown and orchids were her wedding flowers. Caroline Corduan, who wore an orange floor length gown was the matron of honor and Wilbur Mattila was the best man.

A reception for a few friends was held at the Colony House, Trevor Wis. following the wedding and a honeymoon trip is planned for Lisbon - Portugal.

The couple will return home to Antioch on June 1. (B-J Rush photo)

WOMEN OF THE MOOSE

Antioch was hostess to 177 co-workers on Chapter Rally Day, Feb. 25. Junior Graduate Regent Judy Page gave the address of welcome and the response was by Marie Dahl of Waukegan. Chapters participating in the Ritual Ceremony were: Opening-Highland Park, Balloting-Zion-Benton, Enrollment-Waukegan, Endowment Fund-Antioch and Closing-Fox Lake.

There were 27 Collegians, 11 Star Recorders and 54 Academy of Friendship members in attendance.

The chapters presented checks in amount of \$804.00 to be sent to Mooseheart toward the expense of the new Health Center being constructed there. All chapters of the Women of the Moose throughout the United States and Canada have undertaken to raise funds for the erection and equipping of this center at the Child City of Mooseheart. The name and number of each chapter that contributes a total amount of \$2.00 per member during the chapter years 1972-74 will be listed in raised letters on a bronze plaque, which will be permanently displayed in the center. This center will be built at a cost of approximately half a

million dollars through the combined efforts of all co-workers and their fund-raising projects.

New candidates enrolled for Antioch were: June Bowie-sponsor, June Ballenger, Arlene Peters-sponsor, Judy Cook and Roseann Mazzio and Virginia Rutko, both sponsored by Ann Barone.

The chapter would like to extend their sincere appreciation to Brother Dick Stroner and Loyal Order members who prepared and served a delicious beef dinner to all co-workers after the meeting.

At the Chapter Night Program, March 7, Moosehaven chairman Sarah Brahn introduced Grover C. Colip, Membership Director from Janesville, Wis., who played a taped interview he conducted with children living at Mooseheart. It was heart-warming to hear the happiness and contentment in the voices of these children. 1

Candidates enrolled were: Maria Stanley-sponsor, Karen Bartuska, Helen Seboen-sponsor, Marjorie Hartman and Evelyn Niemietz-sponsor, Geraldine Schumann.

ADVANCE DATES: March 11 - River Grove Green Cap Program, 2:00 pm Jr Grad. Regent Judy Page to be guest pianist. March 15 - Chapter business meeting, 8:00 pm March 19 - Fox Lake Green Cap Program, 8:00 pm Judy Page to be guest Senior Regent.

BURT ANDERSONS CELEBRATE 50 YEARS

An Open House will be held on Sunday March 11th from 2 pm to 6 pm at the Tarfu Club, Loon Lake in honor of the Golden Anniversary of Mr. and Mrs. Burt Anderson of Antioch. They were married on March 12, 1923 in Princeton, Illinois and moved to Antioch in 1925. Before his retirement, Mr. Anderson owned and operated Anderson's Radio and TV Service.

They have six children, all of whom live in this area; twenty-three grandchildren; and 2 great-grandsons. Their children are Charles and Andrew of Antioch; Pat Polsgrove (Mrs. Wayne) of Lake Villa; Roberta Armstrong (Mrs Jack) of Antioch; Kay Bawden (Mrs Edward) of Spring Grove and Penny Kovalenko (Mrs Dan) of Zion.

The Andersons look forward to visiting with many old and dear friends on Sunday.

ROXANE MARINO ENGAGED

Mr. and Mrs. William Bowman of Antioch are pleased to announce the engagement of her daughter, Roxane Marino to N. Michael Conforti, son of Mr. and Mrs. Chester N. Conforti of Kenosha Wisconsin.

Roxane is a 1972 graduate of Antioch community high school.

An April 28 wedding date has been set. (B-J Rush photo)

REUTER-ROBLIN ENGAGEMENT TOLD

Mr. and Mrs. August Reuter of 950 Van Street, Elgin, announce the engagement of their daughter, Jean Marie, to Frank David Roblin of 293 JoAnna Court, Antioch, son of Mr. and Mrs. Leonard Roblin of 139 Tahiti circle, Naples, Fla. August 11 is set for the wedding.

SONIYA ELICHEK MARRIED

Antioch methodist Church, Antioch, Illinois, with the Rev. William Jannusch of Bristol, Wisconsin was the scene for the February 24 wedding of Miss Soniya M. Elichek to Mr. Donald A. Davis of Libertyville, Illinois.

The bride was given away by her brother, Dan Elichek. She wore her mother's wedding gown of white slipper satin with a 7 yard train. Her heart shaped headpiece was identical to the one her mother wore and designed 32 years ago. She also wore a heart-shaped

locket of her mother's.

Mrs. Ruth Johnston served as Miss Elichek's matron of honor, while Mr. Gene Lombardo served as best man. The matron of honor wore a tangerine orange gown of silk organza carrying a bouquet of yellow carnations.

The wedding couple were honored at a reception at Lorenz's Smart Country House.

After a honeymoon trip to Starved Rock Lodge, Ottawa, Illinois Mr. and Mrs. Don Davis will make their home at 207 Brookhill Rd., Libertyville, Illinois. (B-J Rush photo)

TRAUX AND COTTER

Miss Donna Truax of Millburn was married to Robert R. Cotter in the Millburn United Church of Christ on February 10th at 12 noon ceremony by the Reverend Lauren H. Messersmith. Music was provided at the organ by Mrs. Kenneth Young and Mr. & Mrs. Harold Myers, vocalists, all of Lake Villa.

Miss Truax is the daughter of Mr. & Mrs. Donald Truax of Millburn and Cotter is the son of Mr. and Mrs. Roger Cotter of Waldo, Wis. Both met while students at University of Wis-Stout. Cotter graduated in May 1972 with a degree in industrial arts education and the new Mrs. Cotter was December graduate with a degree in home economics education. She is affiliated with Gamma Sigma Sigma, national service sorority.

Cousin of the bride, Miss

Barbara Clark of Waukegan, was maid of honor, and there were three bridesmaids in the wedding Miss Kathy Zarnstorff, of Genoa City, Wis., college roommate of the bride, Mrs. Charles Flunker of Waldo, Wis., sister of the groom, and Miss Doreen Hauser of Kenosha, Wis.

College friend of the couple, Jeff Reames of Menomonee, Wis., was chosen as best man. Groomsmen were Thomas Prescott, Cambridge, Wis., a college friend, Charles Flunker of Waldo, Wis., brother-in-law of the groom and John DeHaan of Waukegan, the bride's cousin.

The Cotters are now at home at 450 Plum St. Apt. 1, East Dubuque, Ill. after a short honeymoon. Cotter is employed with the Minnesota Mining and Manufacturing Company of Dubuque and Mrs. Cotter will be teaching.

STUDENTS THINK DRY THOUGHTS

For the last month Mrs. Cramer's third grade class at the Antioch Grade School has been learning about the desert environment. They have written reports on the desert animal or plant of their choice.

This type of written report is not an easy task for a third grader. Therefore an English lesson has been coupled with the

science program. The students learned how to make a report, how to search for information, where to find it and what to do with it when found. The students then learned how to re-write the material and it was presented to the other third grade classes last Friday.

The students also constructed desert scenes in shoe boxes

including in the scene both animal and desert plants.

Moving on from the desert the students will be able to choose for themselves their next area of study. They may explore either a marine or a pond environment and they may work individually or in small groups.

Mrs. Cramer has been teaching in Antioch since 1953 and is still very actively engaged with her students.

NEWCOMERS CARD AND GAMES PARTY PLANNED

The Antioch Welcome Wagon Newcomers' Club will hold it's monthly meeting Wednesday, March 7th at 8:00 pm at the Antioch State Bank. Our program for the meeting will be a reading by Don Beveroth of the PM&L Players.

On Tuesday, March 13th, Mr. Nicholas of Home Extension will give a class in gardening - lawn and landscaping care. This promises to be very informative. The class will meet at the Public Library in Antioch and will be a two hour session from 7 to 9 pm.

The Newcomers will hold it's

first card and games party, Wednesday March 14th, at the American Legion Post on Ida Street in Antioch at 8:00 pm. We are looking forward to a large crowd. Prizes and raffles plus refreshments is on the agenda, so bring along your friends and neighbors for a fun get-together evening. The donation is \$1.50. If you have any prizes of gifts for the card party, kindly bring them along to the meeting on the 7th. For more information call Rose Gardula - 395-6292 or Dorothy Quirk at 414-857-2032.

FRAMING PICTURES FOR ART SHOWS....Framing a picture serves several purposes. It protects the edge of the picture from damage, it holds the glass in place, it gives the needed support for the wires used in hanging, and lastly and yet so important, it isolates the picture from the surrounding background. Improperly framed pictures are a nuisance for those on a hanging committee at an art show. They should not have to take valuable time to redo the framing errors of the amateur. So avoid these common errors in framing when you plan to exhibit.

All watercolors, pastels, prints and drawings should be framed under glass, as these need that protection from dirt and fingermarks in handling. In some exhibits, though, rules will state that no glass be allowed because of possible breakage so in that case, you will have to protect your work with some type of clear plastic, which is best tightly fastened under the mat opening. You will also have to provide hangers on the back if the matted pictures are unframed. These could be of the type with gummed surfaces, and if you use two of them with a picture wire between them, it will be easier to hang the picture level.

Oil paintings, acrylics, collage and any other pictures which are protected with varnished, lacquered or other cleanable surfaces need to be put into frames in a secure manner, for there is far more handling of pictures at art shows and exhibits than in a private show, so be certain your framing is strong and secure. Be sure that the fasteners or small nails are well tapped in and not apt to come loose in handling. Never use any kind of cord or string in place of picture wire, as knots have a way of becoming undone in the handling. Twist the picture wire

securely and test it to make sure it will not slip loose. Never use nails to hold the picture wire to the frame as these wiggle loose easily but instead rely only on screw eyes. These should be placed one third of the way from the top of the frame, in order to tilt the picture at the proper angle.

The kind of frame you select becomes very important in competitions, for certain framing practices have been known to "turn off" the judges that includes too glossy, too ornate, and too colorful frames which detract from the picture. If you use unfinished frames, do not give them coats of glossy varnishes, but instead paint them with flat paint of neutral colors which compliment the painting, and rub into the frame some darker tone to give a distressed or a antiqued look. In important competitive shows, you are safer using professional type frames. Take the picture with you to the frame shop where you can try out corners of the mouldings. If you sell your work, always figure in the cost of the framing as part of the price of the picture.

In order to keep the cost of framing at a minimum, and still have your pictures presentable, I recommend using lattice strips obtainable at any lumber supply. These strips are nailed directly onto the stretcher frame of the picture with small nails or brads. They are first painted or sprayed to suit the picture, and will protect and isolate the picture sufficiently. When you sell the painting, the price does not include this frame as it is nominal and you can suggest to the buyer that he can choose a suitable frame to his own tastes. These simple lattice frames are acceptable in all judged shows and are gaining popularity as they fit into modern settings better than the old ornate frames as were considered "finds" from someone's attic. Happy framing.

American Legion Auxiliary

"Service Begins on Home Base" and "Operation Contact" are the two most widely known slogans in the American Legion Auxiliaries' Community Service Program, according to Mrs. Thomas Rizzo of Lake Zurich, district community service chairman of the 10th District Auxiliary. At semi-annual report time, Mrs. Rizzo learned how much just the 22 Units in Lake County have been doing for their communities and the people who need a "friendly, helping hand". Numerous hours have been devoted to church work, especially with children; hours have been spent in cub-scouting, brownies, girl scouting and other youth activities. Countless time and efforts have been donated by members working in the March of Dimes, the Multiple Sclerosis Drive, the Heart Fund,

the Red Cross and the Cancer Fund drives, not counting the money contributed by the Units and members for these worthwhile causes.

Many members have helped in the nation's ecology's program in the saving and recycling of cans and glass containers. Thanksgiving and Christmas baskets of food went to many indigent families. More members are active workers in the schools and with the school organizations, school referendums, elections, etc. A number of the women work with the retarded children at Klingsberg School.

"Operation Contact" is a typically fine and simple project in which an entire Unit participates" states Mrs. Rizzo. "It's sponsors find an elderly person or couple for each member to virtually adopt. They visit them, telephone them, take them Christmas gifts and birthday gifts. They are simply befriending lonely people who have no one to remember them. Larger Units with more members can do more along

KATHLEEN MALLORY ENGAGED

Mr. and Mrs. Pat Masters, former residents of Antioch, now residing in San Diego, California, have announced the engagement of her daughter, Kathleen Mallory to Mr. Don Jones, son of Mr. and Mrs. V. E. Jones of Rancho La Costa, California.

The bride-elect is a 1970 graduate of ACHS and attended San Diego Mesa College. The groom-elect graduated from Highline H. S. and attended the University of Washington in Seattle.

A March 31st wedding is planned.

KAREN SCHLEUSENER ON ISU TEAM FOR MEET

Miss Karen Schleusener, 1015 Victoria, Antioch, is on the beginning gym team for Illinois State University. She is the daughter of Mr. and Mrs. Roland Schleusener.

Illinois State University hosted the sixth annual Intercollegiate State Gymnastic Meet on March 2-3 in McCormick Gym.

Sixteen Illinois colleges and universities had teams competing at all three levels of competition - beginning, intermediate and advanced.

Qualifying teams from any of the three levels of competition in the ISU meet will enter the Regional Tournament this weekend, March 9 & 10 at Southern Illinois University.

these lines - some of them are "adopting small nursing homes - visiting the patients, running errands, shopping for them, and writing letters for those no longer able to write."

An entirely new phase of community service is now being put into practice, that of the restoration of historical landmarks, or the preservation of already existing landmarks. This is not a simple matter as there are selfish business interests who are not interested in the historic past, and wish to tear down "old buildings, etc" for monetary purposes of their own. Mrs. Rizzo asks that all American Legion Auxiliary members encourage public interest in preserving districts, sites, buildings, and objects important in America's history and culture.

There will be a 10th District American Legion and the Auxiliary children and youth meeting on Sunday, March 18th, at 1:30 pm, at the Homer Dahringer American Legion Home in Waukegan. Robert Maxwell, Mundelein, Chairman and co-chairmen, John Jones, North Chicago, and Mrs. Louis Thompson, Waukegan; request that all post-commanders, unit presidents and their respective children and youth chairmen be at this session. On the agenda for discussion, will be the annual picnic for some 150 children from the Lake County Children's Homes, which will be held at the Lake Regions' American Legion Home in Fox Lake in May. On June 3rd, the "Trip to Normal" will take place at the Illinois Sailors and Soldiers' Children's School, where thousands of legionnaires and Auxiliary members converge on the school. They bring a large picnic lunch for the children and themselves, as well as gifts for the children and cottages they sponsor. It is a day that is always eagerly awaited by the ISSCS children and all the organization members.

Slated for discussion also will be decision of what large gift for Harbord Cottage or smaller gifts for the boys will be purchased. Planning to participate in this meeting will be Mrs. John L. Horan, Antioch Unit President; and Mrs. William Dowden, children and youth chairman.

REPUBLICAN WOMEN TO AID DOBE FARM SPECIAL ED SCHOOL

At their February 21st meeting, the Women's Auxiliary of the Antioch Township Republican Club voted to donate certain proceeds from their annual Spring Luncheon to the Dobe Farm Special Education School, located on Route 45 in Grayslake.

They also discussed running an Easter Party for these children, and this was referred to a special committee headed by Mrs. El Roy (Thelma) Anderson.

The Women's Spring Luncheon will be held Wednesday April 4th at Rustic Manor in Gurnee. Tickets may be obtained from club secretary Hilda Stern at 395-2713.

Mrs. Stern read a letter of thanks from President Nixon for their efforts on behalf of his election.

BITS AND PIECES

By: Taffy Engelhardt

Friday night was the last game in the conference for the Sequoits. It was an exciting season and it's sad to see it closing. Our game against Lake Zurich was especially important, since it was Parent's Night for the Varsity squad and cheerleaders. They were all introduced and recognized individually. The parents were easy to spot since the mother's had corsages and the fathers had boutineers. The cheerleaders were surprised to receive flowers also from the varsity team. A special thanks to them. Speaking of surprises - they too were quite shocked to walk into a normally bare locker room to find it decorated with posters, crepe paper, paint, etc. The cheerleaders had to work hard and fast after school to get it all finished but it served well as a morale booster and a special Good Luck to our team. Congratulations to Jody Patrovsky, who received the Miss Basketball fan award. Since the winner is usually a senior, and Jody is only a sophomore, she was quite surprised. She was chosen by the varsity coach, team and cheerleaders. This year, for the first time, another spectator award was given to the Senior Citizen Basketball Fan of the Year. 81-year old, enthusiastic Mr. George Good received it and was also given credit for his spirit at all of the other sports events he attends. Congratulations to Mr. Good. Oh, and by the way, I forgot to mention the important part ...we won the game! Our first game at Regionals, here at ACHS, is on Thursday, March 9, against Grant. We need lotsa fans!

A reminder to all seniors who forgot to order their Graduation announcements. They can still be ordered through A & B Printing Company on Victoria Street. After Friday, March 9, they will not be available. Also, don't forget to order your Senior Memory Book through B-J Rush Studio. The cost is \$4.00. Swing Choir, Girl's Ensemble, Boys Ensemble and several solo's will go to contest, Saturday the 10th at Round Lake. Good Luck to them.

Every year credit is given to outstanding spectators at sports events, such as those people I mentioned earlier. But there are also a few people who never receive any recognition for their efforts. David Young, a senior is one of them. He has done a good job all year at the home basketball games. Through the entire game, he keeps our courts free from confusion by keeping everyone outside the doors while the game is in session. I'm sure he doesn't gain any friends in the process! And, what about the boys who hold the ropes, and those who keep score and

announce? Let's give them a little thanks too, for our games would be chaos without them.

The senior executive board met with Mr. Polley, Mr. Blecke and Mr. Kurek for a meeting, and cookies and milk! We discussed what the seniors would give as a gift upon their leaving. We considered the multiplex and curtains for the auditorium. A few other things were mentioned but were extremely expensive. Mr. Smouse showed up to plead his cause! We also discussed the possibility that students would give morning announcements through Miss Pickett's Advanced Speech Class. Mr. Kurek talked to us, or vice versa, about some present problems with college. Some of us were probably a bit too bitter toward him about things he can't help or that we had caused ourselves.

The agenda for the Student Council Meeting was: Information for class meetings, Report from Banquet, Student council Week, and Spring Dance Committees. Bill Beese reported on Student Responsibility, popcorn for Friday, and popcorn and pins for the Regional Tournaments.

CYNTHIA HAYDEN MERIT SCHOLARSHIP FINALIST

Cynthia Hayden, a senior at Antioch high school has been chosen as a finalist in the National Merit Scholarship program. This is an honor that is shared by less than one-half of one percent of the nation's graduating secondary school

seniors. 3,000 Merit Scholars will be chosen in 1973 and the lucky finalists will be notified between mid-March and mid-May.

Cynthia has already been named an Illinois State Scholarship Winner and has been accepted to Wesleyan University in Middletown, Conn., where she will major in Chemistry.

The daughter of Mr. and Mrs. William Hayden, Cynthia is a graduate of Newport grade school. (staff photo)

INTERIM REPORTS

Wednesday, February 21, marked the midpoint of the third-nine weeks. At this time interim reports were given to students who have a D in any of their courses. This is not the letter grade that they will receive for the nine weeks it is a warning to tell a student if he/she is in danger. Parents are to sign the reports and students are to return them to their teachers.

These reports are given out really to help the students. If they are in danger, they have four weeks to improve their grades.

If a student receives an F or two D's he is put in a special supervised study until he/she improves his grade.

"HINDSIGHT'S BETTER THAN FORESIGHT"

by
Rev. Eugene Keusaal

In a world of scientific facts the certainty of God should not weaken but intensify. The Einsteinian Revolution of Relativity demands an absolute, one absolute and that absolute is God, otherwise any relative is relative to nothing.

But being human and being able to share ourselves through our senses, hearing, seeing, feeling, tasting and smelling. This is the only way that God can share Himself with us. So the meeting point of the human and the divine must be a "sign" that can effect the senses.

This is why God took on a human nature, this is why Jesus came to be. God wanted us to have more than an abstract idea of who and what He is. Jesus was the sign that could be perceived by the senses. The people who lived at the same time as Jesus could experience, if they believed, our invisible God through a visible person.

Jesus went back to our Father but He left the "sign" of Himself in this world so that we and those who do not yet believe could also experience the invisible God in a visible person. Where is that sign? What is that sign? "People will know you are my disciples by the love you have for one another."

You who believe and are baptized are that sign. You are that sign to each other and to those who do not yet believe. God must think an awful lot of us and have a great deal of faith in us to put such great responsibility on our shoulders.

Release Prior to March 11

WE read in Genesis 1 that "God created man in his own image, in the image of God created he him; male and female created he them".

In the lesson-sermon "Man" this Sunday at the First Church of Christ, Scientist, this commentary from Science and Health with Key to the Scriptures by Mary Baker Eddy will be read: "Man, made in God's likeness, possesses and reflects God's dominion over all the earth. Man and woman as coexistent and eternal with God forever reflect, in glorified quality, the infinite Father-Mother God."

Services begin at 11 a.m. at First Church of Christ, Scientist, Rte 173 and Harden, Antioch, Illinois and the public is always welcome.

The Dean's List for the first semester of the 1972-73 school year at Illinois Wesleyan University includes 708 students, Dr. John L. Clark, dean of the university, announced today.

Students on the Dean's List

earned a grade-point average of at least 3.250, based on 4.0 for all A's during the first semester.

Barbara is a freshman this year and Janet is a Junior. They are the daughters of Mr. and Mrs. Wayne Polsgrove of Lake Villa (formerly Antioch).

LARRY F. HOWEN

Airman Larry F. Howen, son of Mr. & Mrs. Edwin F. Howen Jr. of Trevor, Wis., has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard, for specialized training as a medical services specialist.

Airman Howen is a 1970 graduate of Salem Central High School, Paddock Lake, Wis.

ANTIOCH ADVENTURES 4-H ACTIVITIES

by Laura Dubek

The Antioch Adventures met at 6:00 at the Methodist Church Sunday, February 25 after bowling at the Antioch Bowl. All members were present (13).

The 4-Hers have been giving talks and demonstrations. This week, Laura Dubek gave a talk on how to make fruit salad, Karen Kirsche gave a talk on how to identify rocks, Silvia Mueter also gave a talk on how to give a correct cooking demonstration. They were all very good.

Shirly Wertke showed the 4-Hers some slides from a tour

Shirly and her band went on. They went to Europe and Russia.

The Antioch Adventures have decided to compete in Share-The-Fun.

In June or August the 4-Hers are going camping to Kettle Moraine.

Since the 4-Hers are going bowling every month, to end the meeting we had a bowling quiz.

In the King & Queen contest Linda Lagerstrom won the Queen. Linda is a member of the Antioch Adventures 4-H Club.

JAMES KNIRSCH RECEIVES MASTERS DEGREE

Mr. James Knirsch, son of Mr. and Mrs. Mel Knirsch, Route 1, Antioch received his Masters of Business Administration with a major in management from Wayne State University on December 19, 1972.

James was a 1965 graduate of Antioch High School and

received a B. S. degree in engineering and a second bachelor's degree in psychology from the University of Illinois in 1970.

He and his wife, Susan, live in Warren, Michigan where he is employed by Chrysler Corporation.

WENDY JENSEN RECEIVES LETTER IN VOLLEYBALL

Wendy P. Jensen, daughter of Mr. and Mrs. Robert Jensen, 477 First Street, Antioch, received her second letter for participation in women's intercollegiate volleyball at North Central College in Naperville during fall term. Miss Jensen was also selected by the team as "Most Valuable Player."

A 1970 graduate of Antioch Community high school, Miss Jensen is a junior majoring in physical education.

North Central is a private, coeducational, liberal arts college.

LAKE COUNTY SALON 191 ILLINOIS EIGHT AND FORTY

The Lake County Salon 191 of the Illinois Eight and Forty, honor subsidiary of the American Legion Auxiliary, will have their meeting on Wednesday, March 7th, at 8:00 p.m. at the Zion-Benton American Legion Home, on Lewis Avenue near Wadsworth Road. Mrs. Ray Suzzi, Highwood, Le Chateau, will be the presiding officer.

A silent auction will be held, so members are reminded to bring items with them.

The state spring pouvoir will be held March 31st and April 1st, at the Sheraton Inn at Springfield. There will be election of delegates and alternates for the pouvoir.

Hostesses will be Mrs. Robert Broege, Deerfield; Mrs. Elbert Wayne, Winthrop Harbor; Mrs. William Solberg, Mrs. James Burgess and Mrs. Gilbert Richter, all of Zion-Benton.

TELL OUR PROSPECT ABOUT ODD—FELLOWSHIP

The Odd-Fellows were among the first organizations to reunite the North and South after the Civil War. In Sept 1865 an invitation was extended to the Southern Representatives to attend the annual session of the Grand Lodge of the United States, (now the Sovereign Grand Lodge) and the dedications of the monument erected to the memory of Thomas Wildey, Founder of the Order on the North American continent in the city of Baltimore, Maryland. President Andrew Jackson complimented the Odd-Fellows in their effort to reunite the north and the south on this eventful occasion.

This Order has been privileged to participate in functions of national and international interest, a few of which are listed: Our Sovereign Grand Master, the international head upon invitation, attended the Coronation of Her Majesty the Queen Elizabeth.

It was the first Fraternal Organization to recognize auxiliaries permitting ladies to participate in the affairs of the Order.

The Order is privileged to conduct a Pilgrimage each year to the Tombs of the Unknown Soldier. Also permission was granted by the Department of the Army for conferral of the Grand Decoration of Chivalry a Military honor upon the Unknown of World War I & II and the Korean War.

The Patriarchs Militant branch of our Order has been granted the privilege of having a reserve or regular officer of the Armed Forces of the United States as military advisor on

the General Commanding and Department staffs.

The Order is also privileged to have a float each year in the Rose parade on New Year's Day in Pasadena, Calif.

Every year over 700 boys and girls from our High Schools all over the United States and Canada are sent to the United Nations on an educational tour, one full week of which is spent at the United Nations Headquarters in New York. They sit in meetings, have conferences with representatives of foreign countries ask questions and learn what the United Nations is and what it is doing, and its objectives. Odd Fellows and Rebekahs pay the expenses of these tours.

Our Order has an Educational Foundation Fund from which we loan money to students to go to college. This is not confined to sons and daughters of Odd-Fellows or Rebekahs, but open to anyone who can qualify. We have two homes that our Order provides for the Old Folks Home at Mattoon and the Childrens Home at Lincoln, Ill.

Our Fraternity has contributed large sums of money after various disasters, such as hurricanes, floods, fires, wars, etc. on the North American continent and throughout the world.

Also our Order has an Eye Bank interest.

In becoming a member our Order we guarantee that there is nothing that will conflict with the individual's duty to his God, his Country, his family, or himself. The Noble Grand of Lakeside Rebekah Lodge 82.

ORGAN RECITAL

HOME EXTENSION SERVICE OFFERS ADULT EDUCATION

Lake County Homemakers Extension Service offers an Adult Educational Program to all people. It makes new knowledge based on research available through its educational programs to help solve Home and Family and Community problems.

How can the public avail themselves of this service? One way is through Extension Homemaker Units, organized by interested homemakers that like to keep up. A lesson (demonstration or talk) is given at each monthly meeting by Extension Advisers or Volunteer leaders. These leaders are unit members trained by specialist from the University of Illinois.

Lessons for the coming year will include: Consumer Information, Professional Sewing Tips, Metric System, Recipes for Elegant Entertaining, Low Cost Decorating, The Correct Fit in Patterns and Ready To Wear, New Ways With Less Tender Cuts of Meat, Auto-

motive Care, How To Grow and Use Spices and Herbs, Interior Decorating Classes and Landscaping Classes, Needlepoint, Quilting and Crocheting, Houseplants and Terrariums.

Communities or neighborhoods interested in starting a Homemaker Unit should call the Extension Office - 223-4844. In Lake County the Extension program is directed by Irene M. Green, Extension Adviser and Sharon R. Coffman, Assistant, working with specialists from the University of Illinois. A Council of members selected from the units help with administration and committee planning.

Open meetings and classes are available to the general public at various times during the year. Such programs at Table Settings for Home and Show, Sewing With Knits, Safety Driving, and Refinishing Furniture. The Extension Service also has a pamphlet service available on request.

With a Stern Eye

"I'm not sure I understand what this is about," Fred said the other morning, laying a set of papers before me. "It came in this morning's mail, from the General Services Administration, U. S. Government."

I read quickly through the cover letter. "It seems to indicate that they are trying to dispose of Fort Sheridan. Can that be right?"

"I haven't read anything about it in the paper," said Fred dubiously.

"Here, wait a minute." - that the above property has been determined to be surplus Government property - mumble - consists of concrete sidewalks, caution traffic signal, installation identification entrance sign, shrubbery and grass along fence line, wire mesh fence and asphalt roadways. It is located just outside reservation fence and underlies Sheridan Road, Route 42 - ""

"That can't be right. Read that again."

"It is located -- Yes, that's what it says. Wait here's a drawing on the last page. Look at that!"

There was a long silence as we studied the plan. "Drawing Not to Scale" it said underneath. "What do you suppose --" I began.

"Might be a good place for building a condominium - close to the Fort there." A suggestion from Joan who was not looking at the drawing.

"It would have to be about three feet wide" said Fred, running his finger around the red penciled periphery of Fort Sheridan as illustrated on the mimeographed sheet before him. "The government seems to be disposing of a rim of land around the edge of the Fort property - the part outside the mesh fence -"

"--but including the fence," I said, pointing out the list of that which was included. "If we could persuade them that we were suitable owners - it would have to be a private enterprise of course - we could own a three foot lip all the way around the installation. And our very own traffic light. Wonderful!"

"We'd own the gates too apparently," said Fred.

"If the Indians hear about this they may want to apply. They could effectively seal off the Fort from all aid. Food or cavalry."

"Could one erect a tool gate perhaps, at each of the entrances?"

"It says something about easements, but I don't see any of them noted on the drawing."

We paused again. Looked at the drawing. Studied the description. Noted the terms of application. "We would have to disclose the contemplated use of the property, it says here. I don't think they'd let us use it to erect toll gates."

"It wouldn't make much of a

park - six feet of scruffy grass, a mesh fence and a sidewalk - running a couple of miles up Sheridan Road across from the Railroad tracks."

"Don't forget the sign. It probably says something like FORT SHERIDAN, Property of the U.S. Government, NO TRESPASSING."

"There might be enough room for a couple of benches and a trash can."

We never were able to conclude just what the government had in mind by offering to dispose of the rim of Fort Sheridan. Particularly that part which 'underlies' Sheridan Road. Of what possible use, pray?

It almost sounds like the subject of a nationwide contest. "Find a use for the Highwood Husk! Put this prime location land to work and win \$500,000 or a week in the Caribbean!"

There's a better way out.

The troublesome, costly-to-maintain wooden door to your basement may leave something to be desired. It's probably a little awkward to operate, leaky, dangerous for the children to play on, and not much to look at.

Replacing it with a modern, all-steel Bilco Door gives you a better way out. You'll like the Bilco Door's neat trim appearance, easy operation and weathertightness. And while you are enjoying its benefits, it is paying for itself by saving you repair and replacement costs.

SCOTCH LADS OPEN AT THE ABBEY

Somebody called it the perfect marriage of the decade - our area's Scotch Lads Orchestra and The Abbey Lake Geneva in Fontana, Wisconsin, and most seem to agree.

The Abbey, with its 92-acre resort complete with nearly 300 rooms, indoor pools and saunas, and triple-decker dining room is the perfect showcase for the talents of The Scotch Lads. Larry Leafblad, of Grayslake, leader of the band said, "It's perfect for us, because we'll be playing weekends thru May, then full-time the first two weeks in June - and it's as close as we'll ever want to get to becoming full time entertainers."

There are only two dates this spring the band will not be in the Abbey's Lower Deck: Saturday, March 17 (at Lindenhurst Civic Center) and Saturday, May 12 (Antioch Mental Health Cotillion).

The roots of the Scotch Lads are deep in Lake County. They were born at Renwood Country Club in 1963 at a Christmas Party jam-session for Parkway Foods of Grayslake. The original members were Dr. Gordon Falknor, Warren Brown, William Hall, and Leafblad - all of Grayslake. Falknor, Brown, and Hall are now 3 of the four-man SCOTSMEN Orchestra. The original Scotch Lads began their professional career together entertaining at parties, dances, and functions primarily in the Northwest Lake County Area. The blend of different ages and styles of music have molded the present Scotch Lads Orchestra into a unit with a blend of the past and today's contemporary music in a delightful "show-style" floor show.

Organist Barry Schaefer from Round Lake joined the band when foot doctoring got extra busy for Dr. Falknor. Ray Trusky of Waukegan is the drummer; Herb Eimerman of Waukegan is the bassman and multi-instrument composer of the group and Guitarist James Christman of Zion filled the newly-created fifty man guitar position in January 1972.

The popularity of The Scotch Lads is proven in the size of their active "mailing list" with names in excess of 300 who attend their functions and appearances.

"We love every bit of it," Leafblad said. "And that's our secret. Simple as that. We're a 'people-band.' We carry on a love-affair with our audience. When they're in the mood, we're in the mood. When the audience is sad and moody, we're the same. We like to think of ourselves as crowd-engineers: one of the audience. Together - and, it works unbelievably well - most of the time."

Starting March 2nd, and running thru the middle of June. Then, back again in September running right thru New Years Eve. The Scotch Lads are at the Abbey, and everyone is invited to spend a nite, a weekend, a vacation sampling the love of music with the five from our area. It's gonna get you.

CUB SCOUT PACK 80 HOLDS BLUE AND GOLD DINNER

Cub Scout Pack 80 celebrated the 63rd anniversary of scouting at their annual Blue and Gold Dinner February 25th at Grass Lake School. Twenty-eight Cub Scouts, their families and guests enjoyed a delicious pot luck dinner.

Mr. Gary Vaughn, Committee Chairman, served as master of ceremonies introducing Mr. and Mrs. John Steitz, Jr., President of Grass Lake School PTO; Mr. and Mrs. Bill Hart, Superintendent of Grass Lake School; and Mrs. LaVerne Martin, Den

Mother from Pack 99, who recently was the recipient of the Silver Fawn Award, the highest award given to women in scouting. Mrs. Martin shared a few of her scouting experiences with the group.

The Webelos opened the meeting with the presentation of the colors. Den 3 presented a puppet show with puppets the boys had made. Frank Walsh, Jr., Cubmaster, welcomed Louis Tomasallo and Matthew Boarini into the Pack as Bobcats. Daniel Boarini was advanced to the rank of

Webelos. Bear badges plus one gold and two silver arrows were awarded to Ed Jorgensen, Kevin Hassett, Jim Domkowski and John Domkowski. Wolf badges plus one gold and one silver arrow were awarded to David Walsh and Robbie Mullens. Gold and silver arrows were awarded to Mike Gardino, Steve Vaughn and John Lloyd. Tony Warneke received a denner award and a 1 year pin and the assistant denner award was given to Ricky Samson.

In the Webelos den Mike Mattson received outdoorsman, craftsman, scientist and citizen, Scott Eichler was given scientist, Scott Goari received engineer and Glenn Samson earned showman. Den 1 closed the meeting with a cheer for the Pack.

The Pinewood Derby race was held following the meeting. Jason Whyte won the first place trophy, Steve Vaughn earned the second place trophy and third and fourth place plaques went to Mike Mattson and Mike Whitehead.

The March 20th Pack meeting will feature an iceless hockey game for the boys of Pack 80.

ANOTHER TROUBLED SPOT regularly plagued by Spring flooding is being studied by CITIZENS' ACTION PARTY. Michael J. Haley (left), Ronald J. Cunningham, candidates for village trustees and Robert C. Wilton, village trustee and candidate for mayor, are shown studying area of North Ave. and Oakwood Drive, which is of major concern to c.a.p. The Citizens' Action Party, as part of their platform, will develop and implement an overall storm water plan that will eliminate excessive flooding in many areas of the village.

CHICAGO JUNIOR SCHOOL SEARCH FOR ALUMNI

The Chicago Junior School, a sixty year old boarding school, is building an effective alumni organization, that will be in the interests of both the school and its former students. As a non profit elementary school, CJS provides a warm, homelike

atmosphere for children, ages five to fifteen. Records show that the following alumni, John M. Fleider, once lived in our community. Information on Mr. Fleider or other CJS alumni is welcome - addresses would be especially helpful. Write: Alumni Affairs, Chicago Junior School, 1600 Dundee Avenue, Elgin Illinois 60120.

CLC THEATRE WORKSHOP

Every Tuesday evening twenty-five thespians meet at Antioch High School for a theatre workshop offered as a continuing education course by the College of Lake County. According to CLC drama instructor, Frank Harnish, the workshop was developed as the College's response to the request of local theatre groups. "Most of the people enrolled are also members of the theatre group, 'Palatte, Mask, and Lyre,'" he said.

The course is designed to serve the interests of the participants. It is concentrated on such conventional areas of theatre production as script analysis, characterization, blocking, and movement.

Harold Morris, also a CLC theatre instructor, will attend one workshop session to answer questions related to technical theatre problems. In addition, Dr. Patricia Domingues, psychology instructor at the College, will devote one session to a discussion of interpersonal relations as an aspect of theatre management, group processes, and group problem solving.

Workshop participants will visit CLC's main campus later this month (March) to use the closed circuit TV system.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

Forgotten filters can cost you money.

Since filters are usually out of sight, they're usually out of mind. That is, until you notice something wrong with your heating or air conditioning. Then you may find a dirty filter behind it.

Dust or lint on filters reduces your system's ability to move heated or cooled air.

It's a good idea to check your filters every 30-60 days. To

remind yourself, you may want to do it the same day you pay your fuel bill. If the filter is dirty, clean or replace it. Clean filters also help keep your home cleaner.

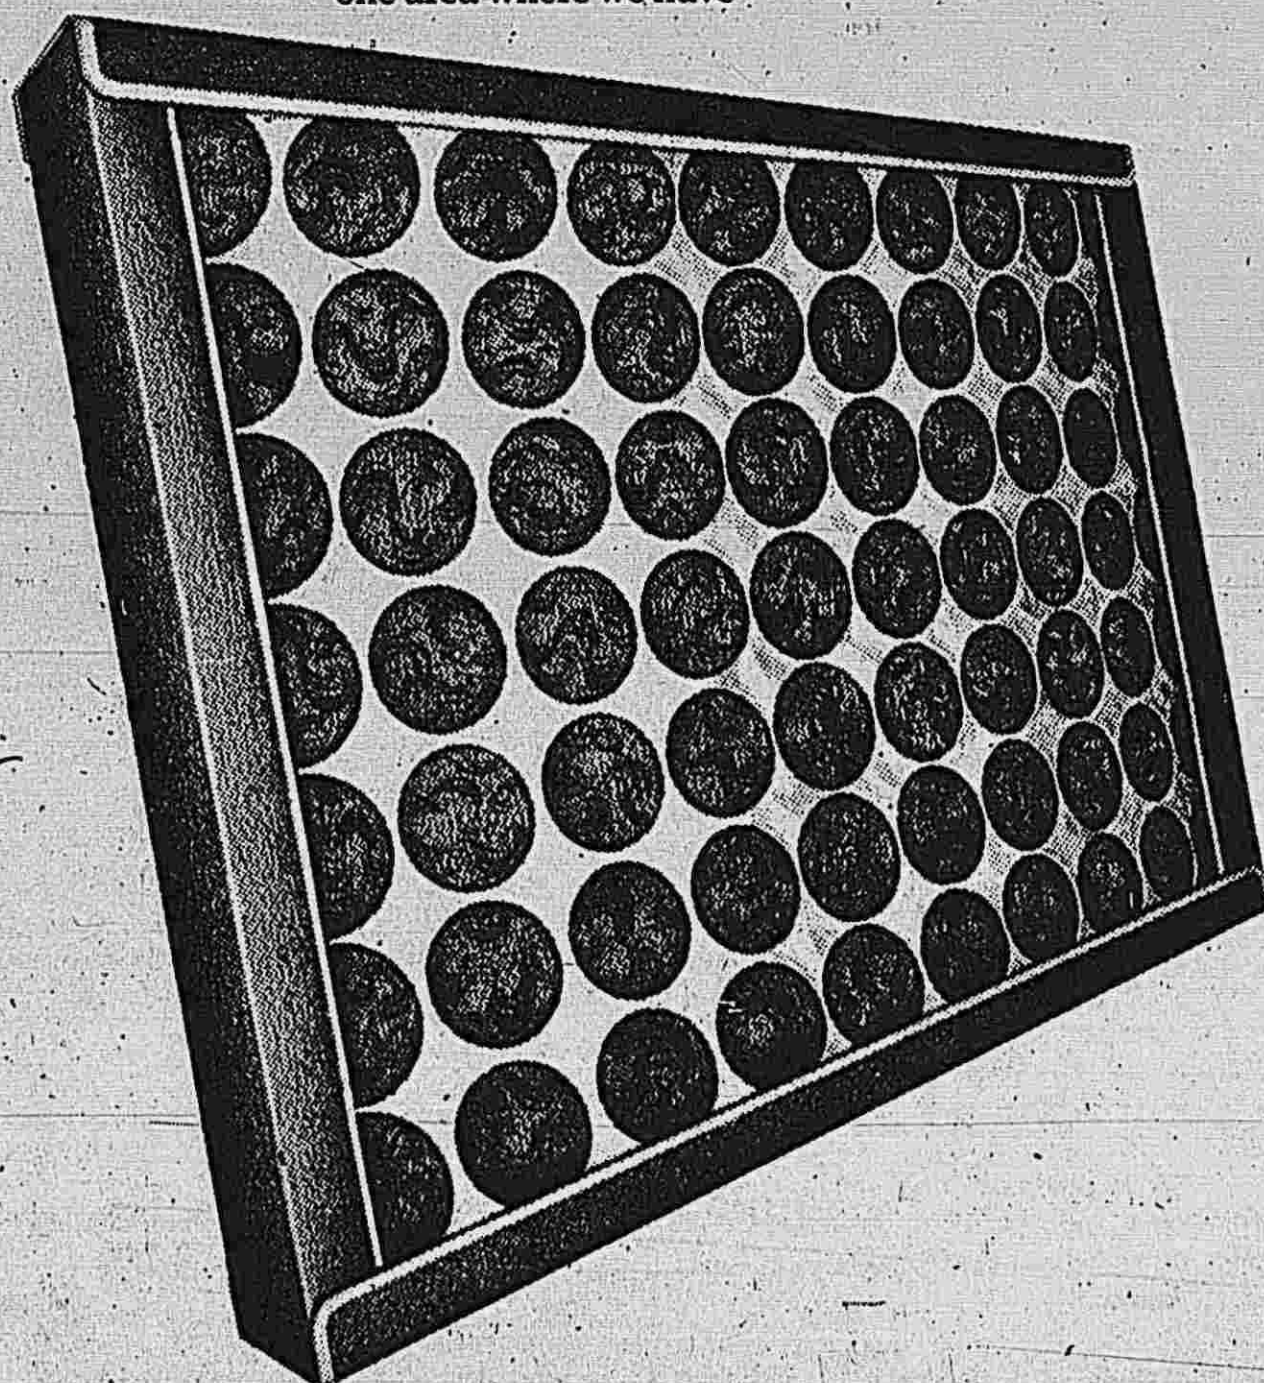

This principle applies essentially to all heating fuels—electricity, gas or oil.

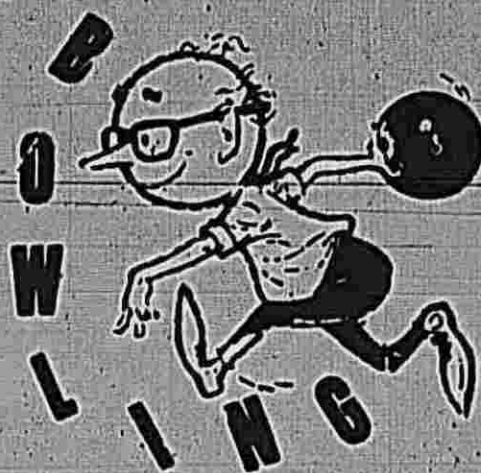

Don't forget the filter on your clothes dryer either. Clean it after every load to keep your dryer in top operating condition.

Maintaining clean filters is only one area where we have

information that can help you conserve energy. If you would like our booklet "101 Ways to Conserve Electricity at Home," write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690. We'll send it to you free.

TRANSMISSIONS AND REAR AXLES

The subjects of transmissions and rear axles can become somewhat involved because they closely relate to each other and to the engines.

All Ford Motor Company manual-shift transmissions - the 3-, 4- and 5-shift types - are fully synchronized for smooth, quiet upshifting and downshifting, and to provide longer life.

The Ford Division cars' automatic transmissions, SelectShift Cruise-O-Matic, and the Lincoln-Mercury Division cars' automatic transmissions, the SelectShift, are all 3-speed types. And most of them feature improved transmission cooling, too.

SEQUOITS WIN FOR PARENTS NIGHT

Parents Night 1973 was a huge success as the Sequoits rolled to a 75-49 victory over the Lake Zurich Bears last Friday evening.

Leading the scoring attack was Antioch's All-State candidate Tim Mieure, with 25 points. Vic McGuire and Mike Gutowski also scored in the double figures with 12 points each.

The Bears scored the first two points of the game, but the Sequoits countered with 14 straight points, with 4 points by Gutowski, Andrews, and McGuire, with Mieure hitting a layup. From this point on, the Sequoits continued to increase their lead.

In the third quarter, the Sequoits lead by Mieure's seven points opened up a 47 to 22 lead and at this point coach Andrews was substituting freely. In all, ten players scored for the Sequoits, as the team looked very sharp and really ready for the Tournament this week.

For the second straight week, Antioch cagers held their opponents to less than 50 points. The team also has the best defensive mark in the conference. Mark Andrews had the assignment of the top scorer for the other team and held him to less than his regular average. In the final review, the squad is in great shape for the tournament. The defense lead by Andrews and Fred Popp couldn't be better and the shooting is improving, with a few new plays added to the offense looking good adding some life to the offense.

Parents Night is an Antioch tradition, held annually to honor the parents of the players and cheerleaders. Along with the parents night honor, a "Miss Basketball Fan" is selected to honor the female student who best attends the games, cheers, and is loyal to the basketball team during the year. This years selection, an excellent selection, is Miss Jody Patrovsky. Congratulations, Jody.

In honor of a senior citizen, who has attended home football and basketball games for years, an award was presented to Mr. George Good, as "Senior Citizen Fan" for the school year 1972-73. You can see Mr. Good at the basketball games, sitting in the top row, in the middle of the gym. Best wishes to him and may we see him for many more years at the Sequoits athletic events.

The Antioch News SPORTS

BEHIND THE SCENES OF THE STATE REGIONAL TOURNAMENT

On March 6th, 7th, and 9th Antioch High School will play host to the State Regional Tournament for the first time in 20 years.

A lot of work, time and effort have gone into these three tournament games. Antioch High School has been keeping the State of Illinois informed of their facility capabilities, their seating capacities, dressing room facilities, etc., and of their interest in hosting a tournament.

The state in return reviews the schools with adequate facilities and who have shown an interest in hosting a tournament. The state tries not to just pick the schools with the best facilities, but rather they try to pick the schools on a rotating basis.

Antioch received a letter from the state sometime ago asking if they would accept the Tournament according to the state arrangements. According to state arrangements the State gets 60 percent of the profit and the school receives 40 percent of the profit from which they must pay officials, pay the visiting teams 40 cents a mile of their trip to the tournament, etc. If the school does not feel that this type of an arrangement would afford them adequate profit, they may then turn their tournament budget into the State and the State will pay a reasonable budget. Antioch has accepted the 60-40 arrangement.

It is up to Antioch High School to provide all of the help, ticket sellers, the supervision, provisions, for concessions, a hospitality room for visiting coaches and administrators, etc.

Four schools, including Antioch, Grant, McHenry, and Woodstock will be participating in the Tournament. The schools were picked by the State on a basis of enrollment and geography. Once Antioch had been selected as host for the tournament an organizational meeting was held between the schools. Rules were established and a list of 20 acceptable

officials were drawn up. The schools then rated these officials on a scale of 1-20 and the list was forwarded to the State. The State in turn selected two officials, who will preside over the three games.

The first game will take place tonight between McHenry and Woodstock at 7:30. The second game will be played Thursday night between Grant and Antioch. Winners of these two games will compete on Friday, March 9th for the Championship. The winner of this tournament will compete in the Rockford Sectional the following week, which will take place on March 13, 14 and 16th. Winner of the Rockford Tournament will then travel to DeKalb for the Super-Sectional during the week of March 19th. From the Super-Sectional the lucky team will head for the Champagne Finals.

Antioch High School's gym capacity totals 2,800 seats and Round Lake-type crowds are expected to turn out for the games, an estimated crowd of 1,400 - 1,600 for each session. Tickets will be sold in advance at the school for \$1.25 for adults and 75 cents for students. Tickets will also be available at the door for \$1.25 for everyone. The reason the same general admission will be charged is to eliminate problems of student identification. Each school has been allotted 700 tickets for advanced sale.

According to Mr. Ward Lear, everyone has been very cooperative in helping to make the tournament a success. Some of the sophomore boys have volunteered to hold the ropes between half-time, meeting the officials, directing them to the gym and even saving them a parking place.

An extra burden will be placed on the custodial staff, but they have been more than cooperative and some of them will even be helping in the parking lot.

The color guard will perform at the start of each game, but Mr. Lear voiced a regret that the high school is without a pep band and therefore without half-time music.

SOPHOMORE TEAM FINISHES WITH 21-3 RECORD

The Antioch Sophomore basketball team defeated Lake Zurich last Friday by a score of 52 to 26. The win brought the Sophs record to 21 wins and 3

losses.

The Sophs defeated 14 different teams over the season and they defeated every team they played at least once. The wins were over all of the teams

of the Northwest Suburban Conference plus East Lyden, Barrington, Mundelein, Elgin Larkin, Kenosha Trumper, McHenry, Waukegan, Wheeling and Zion-Benton. The three losses were to Lake Forest, Warren and Zion-Benton. The team finished the season with a Conference Record of 12 wins and 2 losses, good for second place in the conference.

The Soph team won the Thanksgiving Tourney at Barrington and they took second place in the Zion-Benton Tourney over Christmas vacation.

In the win over Lake Zurich Mike Perrone led the scoring with 19 points. Russ Albano and Kevin Walpole each added 9 and Larry Smith contributed 8.

Basketball maids, Cindy Meierdick and Kathy Chase tally the statistics during the last conference game of the season. (staff photo)

HOCKEY: A GROWING SPORT

In the Antioch area alone, everywhere you look, there's a hockey team springing up. If they don't have the ice on the lakes, they will travel 50 miles to Milwaukee to rent a hockey stadium for a few hours. Many of the teams are sponsored by neighboring merchants. The State Bank, Walsh's and other sponsor teams to play the game of hockey. When you have uniforms you feel much more like a team and in many cases

will perform better.

The Sporting Goods businesses are specializing greatly in hockey. All of a sudden the past two or three years there has been a sudden rush towards the ice. Unfortunately the lakes have been bad for the novice, but fortunately there are always people to get kids interested in playing the fantastic winter sport of hockey.

Ed Anderson

INTRA-MURAL SPORTS

To be in any type of sport at Antioch High, you definitely have to be experienced and co-ordinated. There is a small ratio between athletes and non-athletes. I'm sure there are many students who would wish to be on a team and just have a good time. Whether it be basketball or track, wrestling or football, kids have fun no matter if they're on the varsity team, or the losing intramural team. It's much better to have this type of activity in sports than to deprive some lesser talented student of having something to strengthen him and build his confidence. There's nothing more depressing than having a coach tell you that you're not good enough. After you have tried

your best you should get a consolation.

If we had something more than just our physical education at school, there would be much more drive and stamina to improve in everything they participate in.

SLEEPING BAGS & SNOWMOBILE SUITS

These are hard working items! They are designed to insulate you against the cold and comfort you against the hard ground. Dirt and continual use pack them down and cut their efficiency. So a trip to the cleaner has the responsibility to deliver these items both clean and free of any chemical residue which could remain in the fill. This solvent is toxic. At its least it can cause nausea, and at its worse, it's deadly. At A & S we know how to neutralize the chemical, aerate and fluff the fill & if you wish, water repel these items for added surface protection. As with most things, cleaning extends their life, so, enjoy the outdoors, but keep your "gear" in top shape. Carol
